

# Technical Data Sheet

## ALGAE CLEAN

Algae Clean is a water-based, anti-bacterial fungicidal concentrate wash used to treat moulds, algae and lichens. It can be used on external surfaces such as brick, concrete, paving, tiles, masonry, tarmac, painted plaster and render.

Algae Clean is a water based anti-bacterial fungicidal concentrate wash process that requires no scrubbing. The area is covered leaving a residual ingredient that slowly weathers off over a few days, leaving a clean and refreshed surface.

Algae Clean aids the prevention of immediate re-infection and should be applied regularly (every 6 to 12 months)

Algae Clean can be used to treat a wide variety of substrates.

## APPEARANCE

- Form: clear, colourless to straw coloured liquid
- Density: 1.0 (approximately)

## PREPARATION

- It is recommended that a trial on an inconspicuous area is first carried out to ensure suitability of product
- Scrape off or remove any heavy build up prior to treatment
- For best results apply onto a dry background

## APPLICATION

### DILUTE BEFORE USE

- For normal purposes: 1 part Algae Clean with 2 parts water
- For heavy contamination: 1 part Algae Clean with 1 part water
- Apply liberally using brush, spray or watering can
- Application rate: 2-5 sq metres per litre of diluted material, depending on the surface to be treated
- Following application allow surface to dry and brush off any excess residual contamination as necessary
- On heavily soiled areas a second application may be required

KEEP AWAY FROM TREATED SURFACES UNTIL DRY

## CLEANING

- Rinse tools and equipment with water.

## PACKAGING

- Algae Clean is packed in 5 Litre screw cap plastic containers
- The shelf life is approximately 12 months if stored off ground in original, sealed containers and protected against frost and away from direct sunlight

# Product Data Sheet (contd.)

## PRODUCT INFORMATION

Approval: This product is approved in the UK under the Control of Pesticides Regulations 1986; HSE No. 9241 and in Ireland by the Pesticide Control Service; PCS No. 96333.

For use only as a surface biocide.

Users must comply in full with all their legal responsibilities under the Control of Pesticides Regulations 1986 (as amended), including complying with all conditions of approval.

Use only as described on the label.

To avoid risks to man and the environment, comply with the instructions for use.

USE BIOCIDES SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.

## PACKAGING

This material and its container must be disposed of in a safe way.

## SAFETY

Please refer to the separate Material Safety Data Sheet

## TECHNICAL ADVICE

A technical advisory service is available on request.

In line with our policy of continuous product development, we reserve the right to change technical data without notice.
